River Pools Cabin Guest Guide

Plan a group getaway with a private indoor pool, outdoor hot tub and space to spend time together near Lake Pepin.

Up to 16 guests • 8 queen beds
5 sleeping spaces • 2 bathrooms

This guide answers the practical questions to help you decide whether the cabin fits your group. Check your dates and review the current booking terms before reserving.

Check dates and total price

How your group sleeps

Are there five private bedrooms?

There are five sleeping spaces: two private queen bedrooms, a bunk room with four queen beds, and two outdoor A-frames with one queen bed each. The A-frames are included in the stay.

Where are the bathrooms?

Both bathrooms are in the main cabin hallway. Guests staying in the A-frames come into the main cabin to use them.

What should families plan around?

Upper bunks, steps and outdoor sleeping spaces may not fit every guest. Assign rooms before booking, especially for small children or anyone with mobility needs.

Pool time and rainy days

Is the pool private?

Yes. The indoor pool is for your group and shares the open living, dining and kitchen area. It is not a separate locked pool room.

What about safety?

An automatic cover is provided. Close it when the pool is not in use and while sleeping. It does not replace attentive adult supervision. Follow all posted pool and hot-tub rules; keep animals out of the pool.

What else is there to do?

Enjoy the private outdoor hot tub, large theater-style screen, arcade and game console. Outdoor options include a sport court, putting green and fire pit when conditions allow.

Meals and what to pack

Can we cook together?

The cabin has a kitchen and outdoor cooking area, cooking basics, dishes, refrigerator, stove, oven, microwave and coffee maker. Bring groceries; food delivery options are limited. Ask about exact cookware or appliance needs for a special meal.

Are linens and towels provided?

Yes. Daily housekeeping is not included. Bring your own outdoor or beach towels; the provided towels and linens must stay indoors.

Is there laundry?

There is no on-site washer or dryer. Pack enough clothing and swimsuits for your stay. Check with the hosts about any baby equipment or other essential items before relying on them.

Arrival and getting around

When can we arrive and leave?

Check-in is 4 PM and checkout is 10 AM, local time. Keypad access instructions come separately. Early arrival or late departure needs prior approval.

What about parking and accessibility?

Free on-site parking is available. More than 10 vehicles needs approval. Keep the shared driveway clear and do not park on the grass. There are steps at the main cabin and A-frames; ask about your specific access needs before booking.

Is there Wi-Fi? Is it quiet?

Wi-Fi is listed. Ask if your plans depend on a specific connection speed. Nearby train tracks can be audible; this is not a promise of a silent setting.

Rules to know before booking

Can we bring pets?

Pets are not permitted. Service animals are welcome in accordance with applicable law. Animals, including service animals, must stay out of the pool.

Can we invite visitors or host an event?

Day visitors and gatherings need prior host approval. A stay does not automatically authorize an event. Quiet hours are 11 PM to 7 AM.

Will we sign an agreement?

For direct bookings, a rental agreement, including pool and hot-tub terms, is sent after booking for signature. Read the current house rules on the booking page first. Guests are responsible for damage-related repair costs under the applicable terms.

Price and booking questions

What does it cost?

Rates depend on dates, length of stay and guest count. Enter the full group in the live calendar and review the total, taxes, fees and payment terms before booking. This guide does not quote a fixed nightly rate.

Can we split the cost?

Use the group calculator on the cabin page to estimate cost per paying adult for the whole stay and per night. It is a planning tool, not separate payments or separate reservations.

What if plans change?

Read the cancellation terms shown for your chosen dates and booking channel before paying. Do not assume Airbnb, Vrbo and direct bookings have identical terms.

Explore the area

Is the cabin on a private beach?

Lake Pepin access is via a walking path across the street, not a private shoreline on the cabin grounds. High water or mud can affect access. Never assume lake or river ice is safe.

What is nearby?

Explore Maiden Rock and Stockholm, browse shops and galleries, or look into seasonal outdoor activities around Lake Pepin. Check current opening hours, weather and access before heading out.
